Fire Warden Training C.D

Fire Wardens have an important role as part of an organization's Fire safety management system. They are the first line of defence against the risk of fire. Working with management they are responsible for a variety of tasks for fire safety to ensure that premises and their occupants are safe from fire. The Fire Warden's primary role is to manage the safe evacuation of personnel in a fire emergency.

This comprehensive training C.D has been designed, developed especially for H.R managers and 'in house trainer's' to enable them to deliver essential Fire Safety training to persons who are designated as Fire Wardens in an organization.

The training C.D includes:

- Full Powerpoint presentation
- Delegate training notes
- Trainer's guidance notes
- Training record & attendance form
- Course evaluation form
- Printable Certificate of Attendance

We supply complete training solutions by provision of training materials, training consultants and arranging appropriate courses.
