New! Safe Driving for Work Training CD.

Driving is something we do daily. It's the most dangerous thing we do. Each year about 3,600 people die from road accidents. Up to a third of fatalities will be people who drive for work. People who drive for work are 50% more likely to be involved in a road accident. This training course highlights the main points of safe defensive driving and avoiding road accidents.

Course contents include:

- Causes of accidents
- Driving hazards
- Defensive driving
- Motorways
- Action if involved in a road accident
- Vehicle checks

- Full set of Training notes
- PowerPoint Presentation
- Certificate of Attendance.
- Course evaluation form.
- Course Attendance form.
- Training Record form.
- Sample Company Driving policy

We supply complete training solutions by provision of training materials, training consultants and arranging appropriate courses.
